

WISDOM LECTURES
(A Video Library Service)

WisdomLectures: Video Lectures on Spirituality and Mystical Wisdom from World Leading Scholars.

Today the Centre for Applied Carmelite Spirituality is announcing a brand-new video library service called Wisdom Lectures. The library will give you access to a treasury of high-quality thought-provoking video lectures on Spirituality and Mystical Wisdom from the world's leading Carmelite scholars — for one low monthly price.

What makes this resource unique? New video lectures are added every other week, creating an always-expanding library of video content. The project was created specifically to nurture and enhance the growth of the spiritual life. There are lectures on Carmelite spirituality, prayer and contemplation, spiritual accompaniment, Carmelite saints, and much more.

This video subscription service offers unlimited access to all CACS video lectures for £14.99 per month. You can cancel anytime.

We're committed to producing more life-changing digital content that serves your growth in the spiritual life. To this end we're investing much time and money to make it affordable for all. While we need financial support for this, we most of all ask that you please pray for us.

Happy Feast of Our Lady of Mount Carmel!
